

ON THE COLLEGE OR PROFESSOR'S LETTERHEAD

LETTER OF RECOMMENDATION

Dr. Mayank Rao was my student in the subject of "Pharmacology" and after passing M.B.B.S. Degree, he is working as an intern with our hospital and thus I can vouch that I know him for past 5 years.

As a student, Dr. Mayank was one of the most outstanding student (first 5%) of his class. He was active participant in each and every topic under discussion/study. His sharp observations and his uncanny skill in deriving logical conclusions/diagnosis were evident during classroom lectures. His approach was balanced and methodical. We found him to be a person with pleasant personality and easygoing manners. He was really a team worker and a popular face in his class. He was also active participant in the extra-curricular activities like sports and cultural events as a member of various college teams.

As an intern Doctor, he is actively engaged in undertaking projects for the health and well being of poor and handicapped people. His enthusiasm to do whatever possible for such people is simply infectious. I learn from Dr. Mayank that his ultimate goal in life is to provide the best in "Public Health" to rural poor in India and for that he has to learn advanced techniques /methods from a well established U.S. university in this field.

Knowing Dr. Mayank for the past 5 years and his strengths and vision, I strongly recommend him for admission to your university; with best financial assistance possible. I am sure; Dr. Mayank will prove to be a promising student in your institute. I wish him success in his efforts to widen his knowledge base.

Sincerely,

Dr. Amit Mistry
(Head of the Department of Pharmacology)
